I. Introduction

RICAS computer-based testing will use the following components:

- the **RICAS Portal**, the test administration and management website for district test coordinators, technology coordinators, principals/school test coordinators, test administrators, and other staff as needed
- the **RICAS Training Site**, where test coordinators, principals, technology coordinators, and test administrators can practice the tasks required in the RICAS Portal
- the **RICAS Student Kiosk**, the student testing platform

Users should be assigned the same role in the RICAS Training Site as in the RICAS Portal. RIDE recommends setting the same password for both sites. This document is intended to provide instructions for navigating and using the User Management section of the RICAS Portal.

II. Roles and Permissions

The RICAS Portal includes the following five separate user roles:

- District Test Coordinator (DTC)
- School Test Coordinator (STC)
- Test Administrator (TA)
- Technology Coordinator (TC)
- Reports Access Only (RAO)

Each role has a separate set of permissions that determine the user’s level of access to the features within the RICAS Portal. See Table 1 below for more information. Note that some features of the portal will not be available until later this fall or winter.

Table 1. User Roles Permissions Matrix

Features	DTC	STC	TA	TC	RAO
Users					
Manage users (i.e., add, edit, or deactivate accounts)	X	X		X	
Site Readiness					
Access RICAS Student Kiosk installation links for downloading and installing on testing devices	X	X		X	
Access passwords used to initiate the Site Readiness tool on installed kiosks and certify the site (school) is ready for student testing	X	X		X

View reports	X	X		X	X

III. Logging in to the RICAS Portal

A. Initial Login Instructions

When a user account is created, users will receive automated emails from ricasservicecenter@cognia.org.

- Users will receive one email for the [RICAS Portal](#) containing their username and a link that will allow them to create their password.
- Users will receive one email for the [RICAS Training Site](#) containing their username and a link that will allow them to create their password.

After receiving the emails, users will need to follow the links to both the RICAS Portal and RICAS Training Site to set their passwords. Note that users will need to set up passwords separately for each site; RIDE recommends setting the same password for the RICAS Portal and the RICAS Training Site.

If you have not received your RICAS Portal login instructions, users may receive support as follows:

- **Test administrators and school-level technology coordinators** should contact their principal or school test coordinator for assistance.
- **Principals, school test coordinators, and district-level technology coordinators** should contact their district test coordinator for assistance.
- **District test coordinators** should contact RIDE or the RICAS Service Center for assistance.

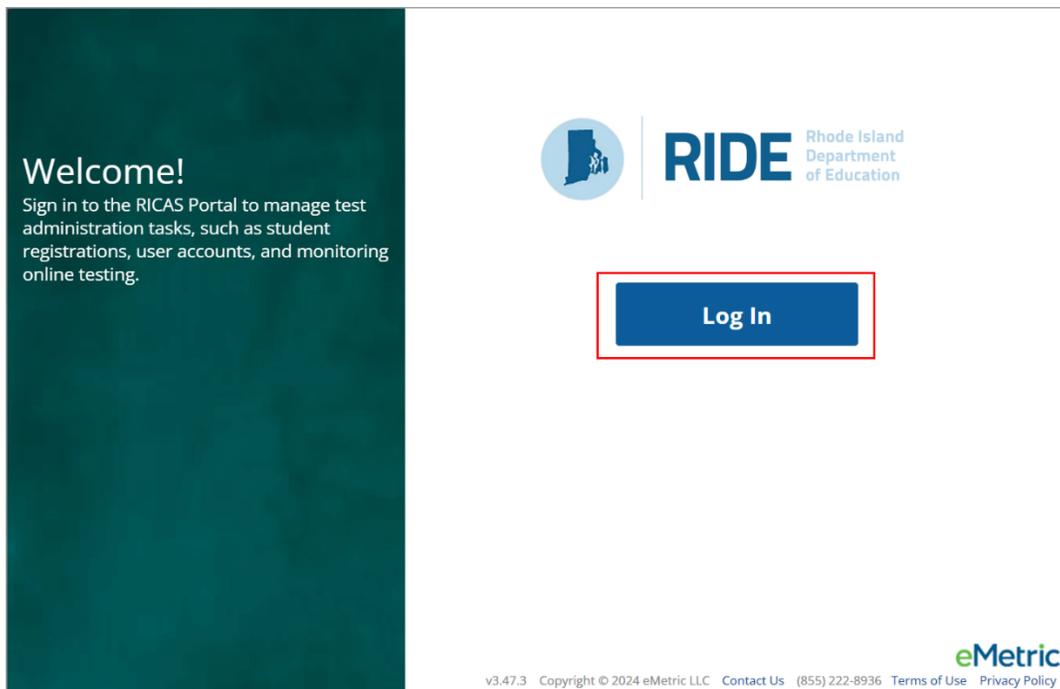

B. Password Requirements

Passwords must meet the requirements shown below. Passwords expire after 365 days. If it has been longer than 365 days since the password has been updated, the portal will require it to be updated upon login.

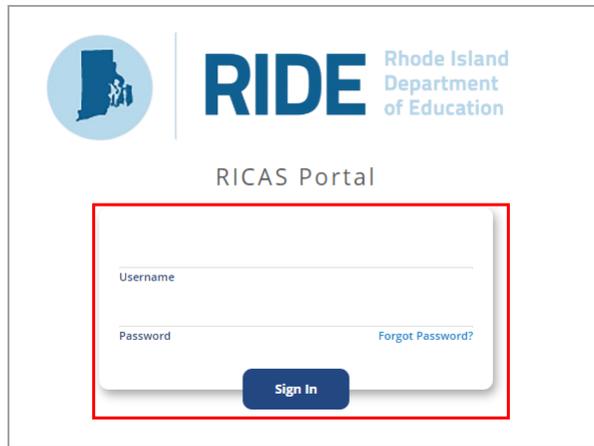

1. Minimum of 12 characters, maximum of 32 characters
 - One uppercase letter
 - One lowercase letter
 - One number
2. One special character (~!@#\$\$%^&*()_+={}|[]:;'<>?)

C. Logging In

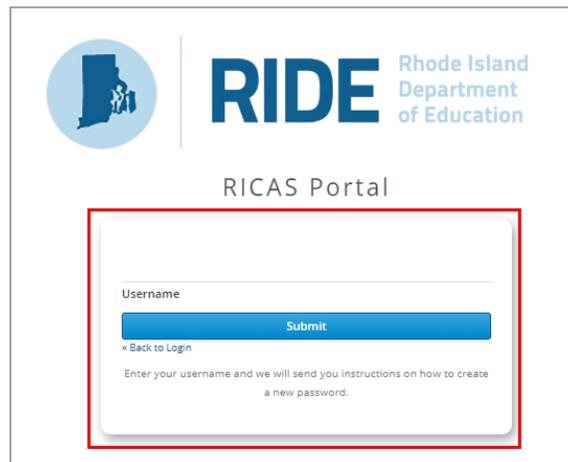

1. To access the RICAS Portal, navigate to <https://ricas.cognia.org/> (see screenshot below). Click the **Log In** button to enter a username and password.
When logging in for the first time, use the username and password from the initial system emails.

2. Type in the username and password as indicated in the screenshot below and click the **Sign In** button to enter the portal.

If you have forgotten your password, select the **Forgot Password?** link and enter your username as indicated in the screenshot below. Select the **Submit** button. The system will send an email to the email address associated with the account providing instructions to reset your password.

IV. RICAS Portal Homepage

The RICAS Portal is used to perform test administration management tasks, assigning student accommodations, scheduling students for tests, conducting technology preparations, and viewing reports.

Upon logging in to the RICAS Portal, the portal homepage provides access to the following sections according to role and organization:

- **User Management:** Used for adding and editing portal user accounts
- **Administration:** Used for the following tasks:
 - downloading the RICAS Student Kiosk and completing Site Readiness tasks
 - assigning students and classes for testing
 - scheduling tests
 - accessing student log-in information

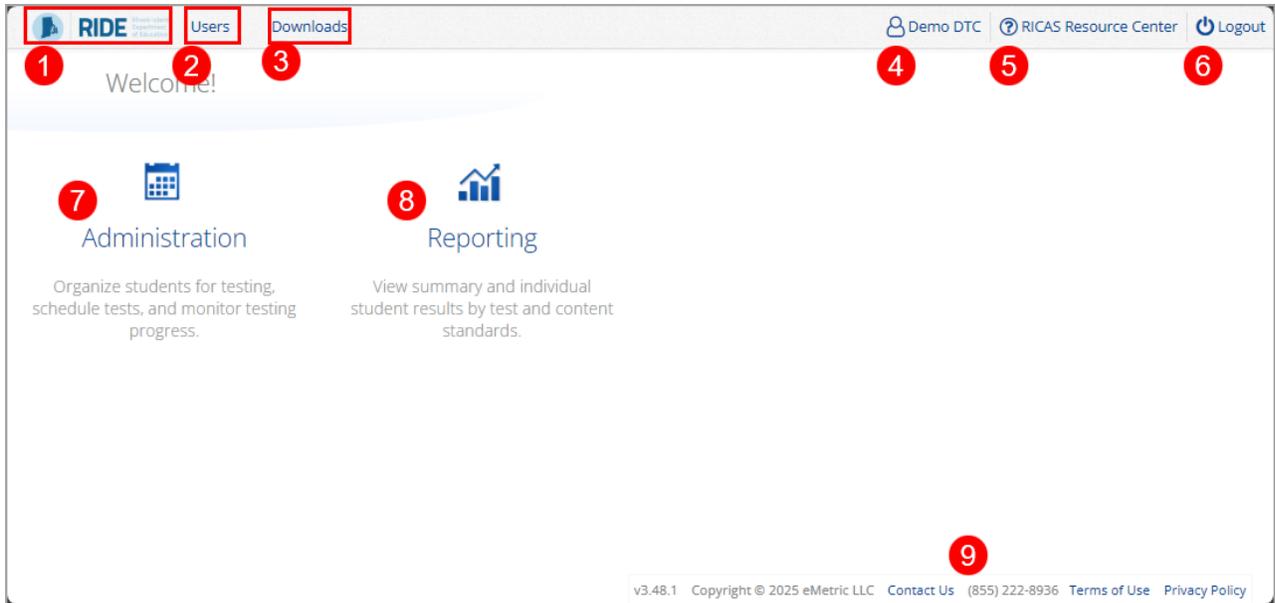

- printing student test logins
- monitoring student test status
- placing and tracking orders for materials

A. Navigating the RICAS Portal Homepage

In Table 2 below are descriptions of the features and sections that are available on the RICAS Portal homepage. The numbered icons listed in Table 2 below are shown in the screenshot that follows indicating the location of the feature or section on the RICAS Portal homepage.

Table 2. RICAS Portal Homepage

Icons	Description
1	Click the RIDE logo in the top left corner of any page to return to the RICAS Portal homepage.
2	Click Users at the top left-hand side of the top menu bar on the RICAS Portal homepage to access User Management. User Management is where RICAS Portal user accounts are created and edited.
3	Click Downloads to view and download large exports of student test statuses, such as Export Test Status for All Tests.
4	Click on the username in the top-right corner of the page to view the user profile. This is where the password can be updated. (“Demo DTC” is the username in this example.)
5	Click the RICAS Resource Center link in the top right-hand corner of the page to access the RICAS Resource Center , which will open in a new tab in the web browser.
6	Click Logout at the top right-hand corner of the page to log out of the portal. After clicking Logout , there will be a prompt to then select the Logout button on the next page that appears.
7	Click Administration to access the Administration section to manage student data, order materials, assign students to classes, schedule tests, print student testing tickets, and monitor testing status.
8	Click Reporting to access the Reporting section. Reporting is where users will access the available reports. This feature will be available later this school year.
9	Click Contact Us at the bottom of the RICAS Portal homepage to open a blank email message addressed to the RICAS Service Center . The phone number next to Contact Us is for the RICAS Service Center.

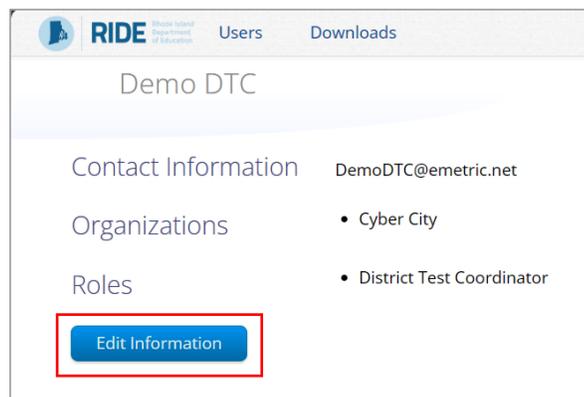

B. Update Your Profile

Your profile page displays your contact information, organization(s), and role.

To update your user profile, follow the steps below:

1. Click on your name in the upper right corner of the portal.
2. Click the **Edit Information** button to make updates to your first or last name, email address, password, phone number, fax number, or address.

3. Click **Save Profile** to save any changes made.

V. User Management

A. General Overview of User Management

To access the User Management section, click the **Users** link on the top left-hand side of the menu bar of the RICAS Portal homepage. Features in User Management are available based on user role permissions. Within User Management, test coordinators can view user accounts, add new user accounts, and manage existing user accounts for their school or district. By default, a list of existing active users will be shown.

Page 1 of 2 Next

In Table 3 below are descriptions of the features that are available on the User Management homepage. The numbered icons listed in Table 3 are shown in the screenshot above to indicate the location of the feature.

Table 3. User Management Homepage

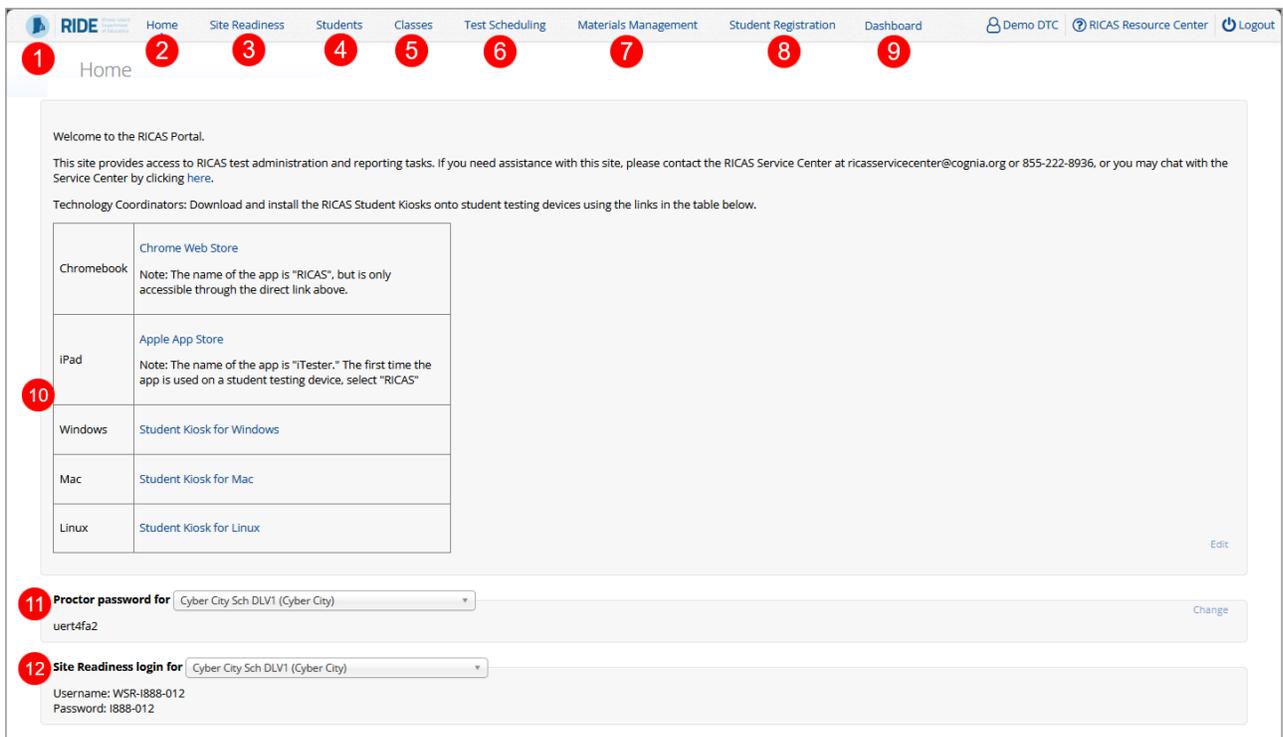

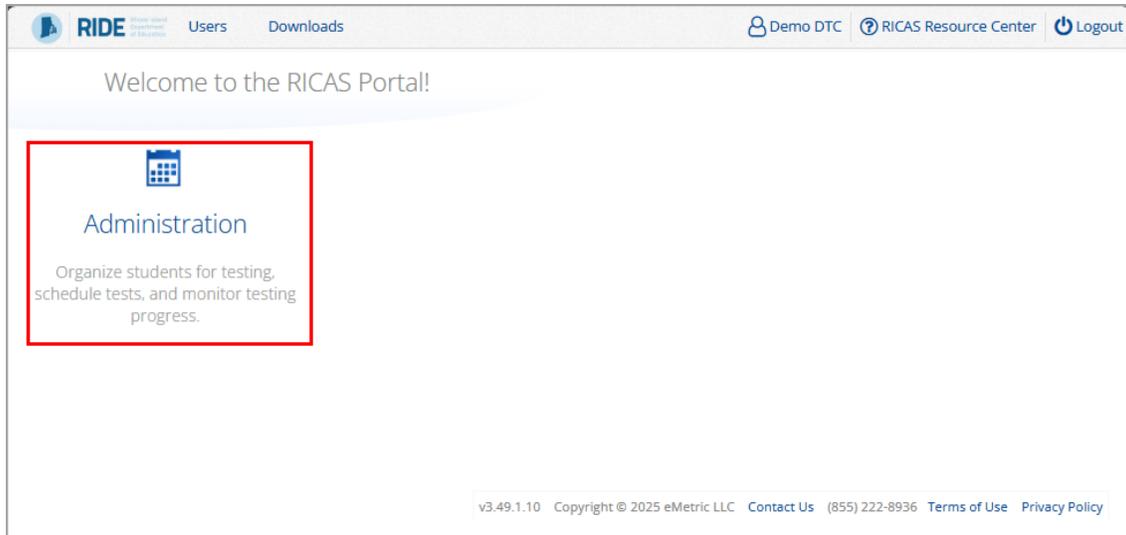

Icons	Description
1	To manually add a new user account, click the Create New User button, and follow the instructions in the Manually Add New User Accounts section listed below in section B.
2	To add new users or update existing users via a file upload, click the Import Users button, and follow the instructions in the Adding and Editing Multiple User Accounts via File Upload section below in section D.
3	To view a list of deactivated users, select the checkbox to the left of Show Deactivated Accounts . The user table will change to show only deactivated users.
4	Filter the list by selecting an organization in the Choose an Organization drop-down menu or by selecting a user role (District Test Coordinator, School Test Coordinator, Technology Coordinator, Test Administrator, or Reports Access Only) in the Choose a Role drop-down menu.
5	To search for a user, type the first name, last name, username, or email address in the Search  box in the top right-hand corner, and then press Enter or click the search icon.
6	Sort columns by clicking the column heading.
7	To edit an existing user record, select the Edit User  icon in the row with that user's name and follow the instructions in the Manually Editing a User Account section listed below in section B.
8	To deactivate a user account, click the Deactivate User  icon in the user's row and follow the instructions in the Deactivate and Reactivate Users section listed below in section C.

For more detailed information on the User Management section, see the RICAS Portal User Management Guide, available on the [RICAS Resource Center](#).

VI. Administration

A. General Overview of Administration

To access the Administration section of the RICAS Portal, available to all user roles except Reports Access Only, click the **Administration** icon on the RICAS Portal homepage. Within Administration, test coordinators can download the RICAS Student Kiosk and complete Site Readiness tasks, add and manage students, assign students to classes, schedule classes to tests, access and print student test logins, monitor student test status, and track and manage additional materials orders.

In Table 7 below are descriptions of the features that are available on the Administration homepage. The numbered icons listed in Table 7 are shown in the screenshot above to indicate the location of the feature.

Table 7. Administration Homepage

Icons	Description
	To return to the portal homepage, click the RIDE logo in the top-left corner of any page.
	To return to the Administration homepage, click Home from any page in the Administration section.
	To review a summary of completed Site Readiness tests and certify Site Readiness as ready for student testing, click Site Readiness .
	To add and edit student accommodations, and enroll or unenroll students from the school, click Students .
	To view, add, and edit classes, click Classes .
	To view and schedule tests, delete scheduled tests, and print student logins, click Test Scheduling . This feature will be available later this school year.
	To track materials orders or order additional testing materials, click Materials Management . This feature will be available later this school year.
	To add or update student accommodations via student registration upload, click Student Registration .
	To view district and school-level testing status, click Dashboard . This feature will be available later this school year.
	To download and install the RICAS Kiosk, click on Student Kiosk for Windows , Student Kiosk for Mac , or Student Kiosk for Linux . For more information on installing the RICAS Student Kiosk, see the <i>Guide to Installing the RICAS Student Kiosk and Conducting Site Readiness</i> located on the RICAS Resource Center .
	To view the Proctor Password for schools in your organization, select the school from the organization drop-down menu.
	To view the Site Readiness Login information for your organization, select the school from the organization drop-down menu.

VII. Proctor Password

A. Purpose

A proctor password is required to be entered in the RICAS Student Kiosk if one of the four following conditions is met:

1. A student is idle in the test for more than 60 minutes. A student is “idle” if they do not interact in any way with the kiosk. This includes the use of any accommodation or tool, navigating through the test, or interacting with any of the on-screen widgets and answer choices.
2. If a student pauses or exits the test and attempts to log back in to the test after more than 45 minutes have passed.
3. The RICAS Student Kiosk has experienced an abrupt closure, such as a loss of power, or the device is turned off while testing.
4. The proctor password will always be required on the Options page for students with the accommodation “Compatible Assistive Technology”.

B. Viewing the Proctor Password

District test coordinators, school test coordinators, technology coordinators, and test administrators can view the Proctor Password on the Administration homepage of the RICAS Portal. To view the Proctor Password, follow the steps below:

1. Log in to the RICAS Portal with your username and password.
2. Click **Administration**.
3. Scroll down to view the Proctor Password. To view the **Proctor Password** for schools in your organization, select the school from the organization drop-down menu.

The screenshot shows the RICAS Portal Administration homepage. The navigation bar includes links for Home, Site Readiness, Students, Classes, Test Scheduling, Materials Management, Student Registration, Dashboard, Demo DTC, RICAS Resource Center, and Logout. The main content area is titled "Home" and contains a welcome message and a table of links for downloading the RICAS Student Kiosks. Below the table, there is a "Proctor password for" dropdown menu set to "Cyber City Sch DLV1 (Cyber City)" with a "Change" button next to it. Below that is a "Site Readiness login for" dropdown menu also set to "Cyber City Sch DLV1 (Cyber City)". At the bottom, there is a "Username: WSR-1888-012" and "Password: 1888-012" field.

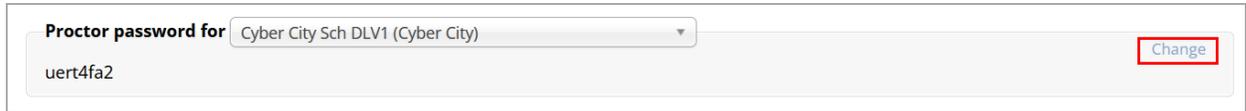

Device	Link
Chromebook	Chrome Web Store Note: The name of the app is "RICAS", but is only accessible through the direct link above.
iPad	Apple App Store Note: The name of the app is "iTester." The first time the app is used on a student testing device, select "RICAS"
Windows	Student Kiosk for Windows
Mac	Student Kiosk for Mac
Linux	Student Kiosk for Linux

C. Changing the Proctor Password

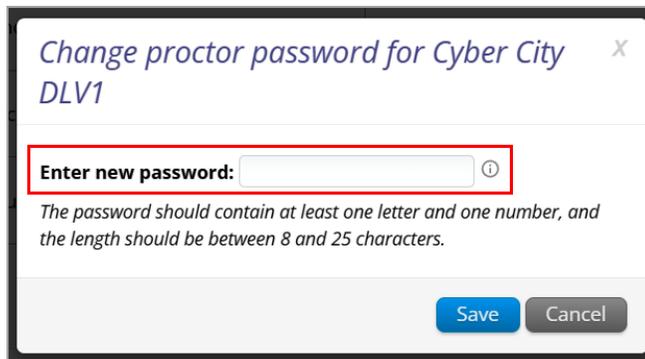

The Proctor Password will be automatically updated nightly, but district test coordinators and school test coordinators can manually update the proctor password as needed on the Administration homepage of the RICAS Portal. Schools may choose to manually update the proctor

password for security purposes; for example, if the proctor password was shared with a large number of students after a power outage. To change the proctor password, follow the steps below:

1. Log in to the RICAS Portal with your username and password.
2. Click **Administration**.
3. Scroll down to view the proctor password. To view the proctor password for schools in your organization, select the school from the organization drop-down menu.
4. Click **Change** to update the proctor password.

5. Enter a new proctor password and click **Save**. The password should contain at least one letter and one number, and the length should be between 8 and 25 characters.

VIII. Site Readiness and Site Certification

A. Purpose

The RICAS Portal includes a Site Readiness tool for schools and districts to assess their readiness for online testing via the RICAS Student Kiosk and to identify any potential technology-related issues before testing begins to ensure a smooth testing experience. The Site Readiness tool is used to verify that testing devices meet the minimum requirements and have been properly configured.

The Site Readiness tool includes the **System Set-Up Test** and the **Student Interface Test**.

- The **System Set-Up Test** tests bandwidth, connectivity, screen resolution, and the text-to-speech function.
- The **Student Interface Test** provides sample test questions to determine whether the device is capable of correctly displaying and navigating test content in the RICAS Student Kiosk. The Student Interface Test also allows technology coordinators to test the student tools, including the Line Reader, Text Highlighter, and Notepad, to confirm they are functioning properly.

To administer the Site Readiness test, the technology coordinator launches the RICAS Student Kiosk on each device configuration (i.e., device type and operating system) being used for testing at that site and then uses the Site Readiness login for the assigned school to run the test. Then, the technology coordinator certifies the site (school) in the RICAS Portal to indicate to the school and district test coordinators that the site's technology is ready for testing.

Step-by-step instructions for conducting Site Readiness on the RICAS Chrome app, iTester app, and RICAS Student Kiosk can be found in the *Guide to Installing the RICAS Student Kiosk and Conducting Site Readiness* available on the [RICAS Resource Center](#) on the [Technology Setup](#) page.

B. Viewing Site Readiness and Site Certification

District test coordinators, school test coordinators, and technology coordinators can view the results of Site Readiness testing on the Site Readiness page in the RICAS Portal. To view Site Readiness testing results and Site Certification, follow the steps below:

1. Log in to the RICAS Portal with your username and password.
2. Click **Administration**.
3. Click **Site Readiness** on the top menu bar.

4. On the Site Readiness page, select a district or school. The table will update to show the number of devices at each school that have been tested, when the school was certified, and who certified it. This certification indicates to the district or school test coordinator that the technology coordinator or school test coordinator has tested the devices at the school and ensured they are operating as expected and meet the technology requirements.

IX. Student Registration

A. General Overview of Student Registration

The Student Registration page in the RICAS Portal is where district and school test coordinators complete the Student Registration bulk upload for adding accommodations and where they will come back if they need to add or update student accessibility features and/or accommodations via a file upload.

To access the Student Registration page, select **Student Registration** on the top menu bar of **Administration** homepage.

In Table 8 below are descriptions of the features that are available on the Student Registration page. The numbered icons listed in Table 8 are shown in the screenshot above to indicate the location of the feature.

Table 8. Student Registration Page

Icons	Description
1	The Organization drop-down menu allows test coordinators to select the organization for which they will upload files and view processed files.
2	Click Export Students to export a Student Registration file. The exported file will contain the current student data as it appears in the portal and will be in the same file format as the Student Registration file template. Some fields in the exported Student Registration files can be edited and uploaded back into the RICAS Portal to update student records.
3	Click Download Student Registration Data Definitions file to download a reference of the required columns and expected values for each field.

Icons	Description
4	Click Download Student Registration Template to download the Student Registration file template as a .CSV file. A reference is also available on the RICAS Resource Center .
5	Click Choose File to select a file, and then click Upload to upload the file.
6	Uploaded files appear in the file table on the Student Registration page. Users can sort the table by clicking on the column headings.
7	The status column will inform users whether their file is pending or has been processed and indicates whether this was done successfully or if there are errors that would require the file to be updated and reimported (see Section C below on resolving errors).

B. Preparing a Student Registration File

For instructions on completing the Student Registration process, see the Guide to the RICAS Portal Student Accommodation Profile, available on the [RICAS Resource Center](#).

X. Students

A. General Overview of the Students Page

The **Students** page, available to all user roles except Report Access Only, is used to manually add accommodations. Select **Students** from the top menu bar of the Administration homepage to access the Students page.

In Table 9 below are descriptions of the features that are available on the Students page. The numbered icons listed in Table 9 are shown in the screenshot above to indicate the location of the feature.

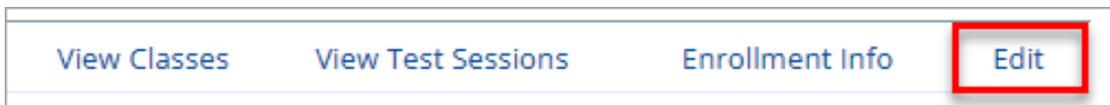

Table 9. Students

Icons	Description
1	Filter the Students table by selecting an organization from the Organization drop-down menu.
2	Filter the Students table by selecting a subject from the Choose A Content Area drop-down menu.
3	Click the Student Search button to search for any student in your district by Student ID, First Name, and Last Name.
4	Select Exports to export a list of student accommodations or a roster for the selected school. A .CSV file listing all students at the selected school will be downloaded to your computer.
5	Sort columns by clicking on a column heading. To locate a student, click the search icon  next to the column heading and type the desired search criteria.
6	Select View Classes to view a student’s classes. A pop-up box will display a list of the assigned classes.
7	Select View Test Sessions to view a student’s scheduled tests. A pop-up box will display a list of the scheduled tests.
8	Select Enrollment Info to view the student’s enrollment information. This page will display current and previously enrolled schools for the student, as well as links to view classes and scheduled tests.
9	To edit a student record, select Edit in the student’s row. The Student Information tab will be displayed. Make changes to the student’s accommodations, and classes as needed.

B. View Student Demographic Information

To view a student’s demographic information, follow the steps below:

1. From the **Students** page, locate the student in the students table and select **Edit** in the row for the student.

2. The Student Information tab will be shown, allowing users to view a student’s demographic information.

C. Adding Accessibility Features and Accommodations

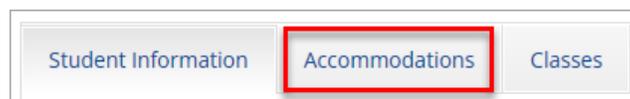

There are two types of accessibility features and accommodations: those that are embedded within the kiosk, such as Text-to-Speech and Mouse Pointer, and those that are delivered locally, outside of the kiosk, such as Human Signer and Human Scribe. Accessibility features and accommodations are added during the Student Registration file upload. Accessibility Features will automatically be available for all students upon logging in to the kiosk. **Accommodations must be assigned correctly before a test is scheduled.**

To manually add accommodations for a student, follow the steps below:

1. Log in to the [RICAS Portal](#) with your username and password.
2. On the RICAS Portal homepage, select **Administration**.
3. Select **Students** from the top menu bar.
4. Locate the student in the students table by selecting the search icon (🔍) next to the column heading and type the desired search criteria and then select **Edit** in the row for the student.

5. The Student Information tab will be displayed. Click **Accommodations**.

6. Select a test code that the accommodations will be added to from the **Accommodations for Test Code** drop-down menu.

11	Student	Test		9999110010	07			

E. Export Accommodations

Export Accommodations, available to all user roles except TA, is a feature that provides a .CSV file listing accommodations for all students by test code.

To download the file in the selected school, click **Exports** then **Export Accommodations**.

A .CSV file will be downloaded with a listing of all students and their respective accommodations, separated by test code.

	A	B	C	D	E	F	G	H	I
1	Last Name	First Name	State Student ID	Test Code	Paper Test Format	Large Print	Braille	Mouse Pointer (Accessibility Feature)	Text to Speech
2	Student	Test	888888812	ELA03					1
3	Student	Test	9999110000	ELA03			1		
4	Hail	Jesse	1200022246	ELA03					1
5	Hart	Mayqa	1200022556	ELA03					
6	Hill	Demo	1200022562	ELA03					1
7									

Note: A cell with a value of 1 denotes that the accommodation is assigned to the corresponding student record; an empty cell indicates that the accommodation is not assigned.

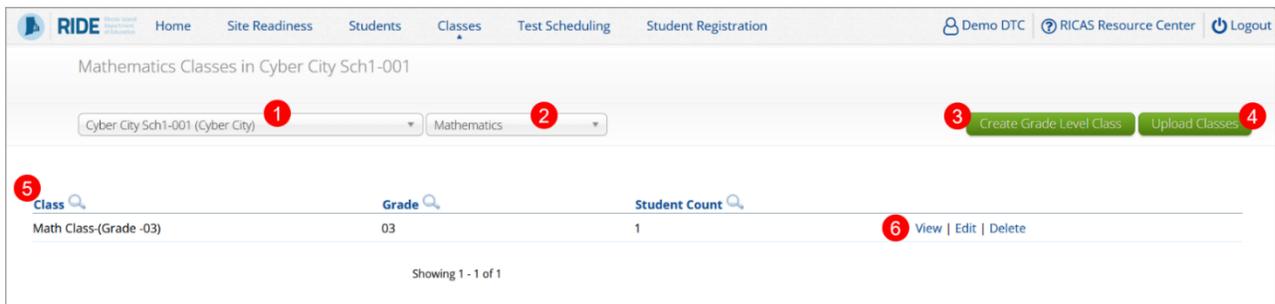

XI. Classes

A. General Overview of Classes

A class in the RICAS Portal is a group of students that will test in the same place at the same time. The **Classes** page, available to all user roles except Reports Access Only, manages the classes, or groups of students, for testing. Select **Classes** on the top menu bar of the Administration homepage to access classes.

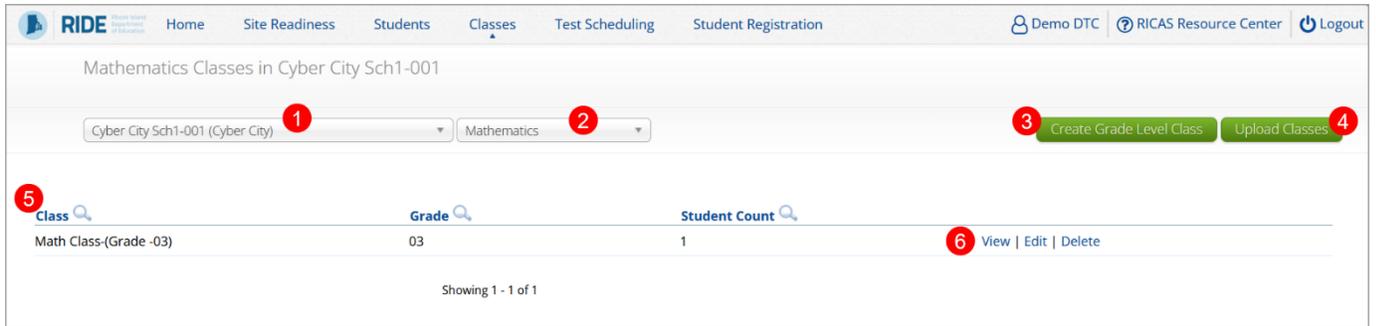

There are three ways to create classes in the RICAS Portal: by manually creating classes one at a time, by uploading a file to create multiple classes at once, or by entering class names in column K of the Student Registration file.

In Table 10 below are descriptions of the features that are available on the Classes page. The numbered icons listed in Table 10 are shown in the screenshot above to indicate the location of the feature.

Table 10. Classes

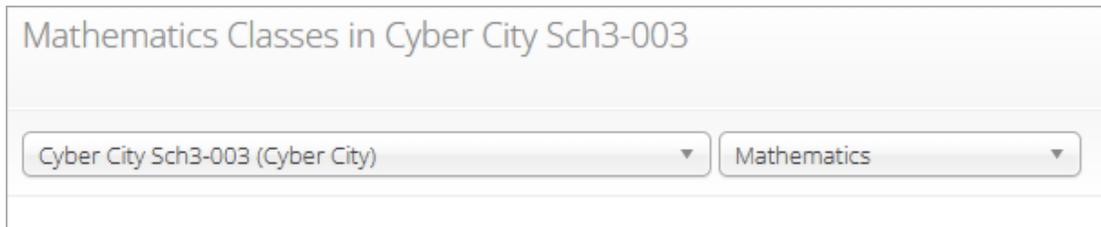

Icons	Description
	Filter the Classes table by selecting an organization from the Organization drop-down menu.
	Filter the Classes table by selecting a subject from the Subject drop-down menu.
	Select the green Create Grade Level Class button to manually create a new class.
	Select Upload Classes to create multiple classes within one .CSV file.
	Sort columns by clicking on a column heading. Select the search icon next to the column heading and type the desired search criteria.
	To modify an existing class, locate the class in the table and select View , Edit , or Delete .

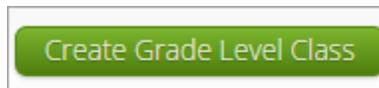

B. Create a Grade Level Class

Classes are created by subject and grade. To create a class, follow the steps below:

1. On the Classes page, select an **organization** from the organization drop-down list then select a **subject** from the subject drop-down list.

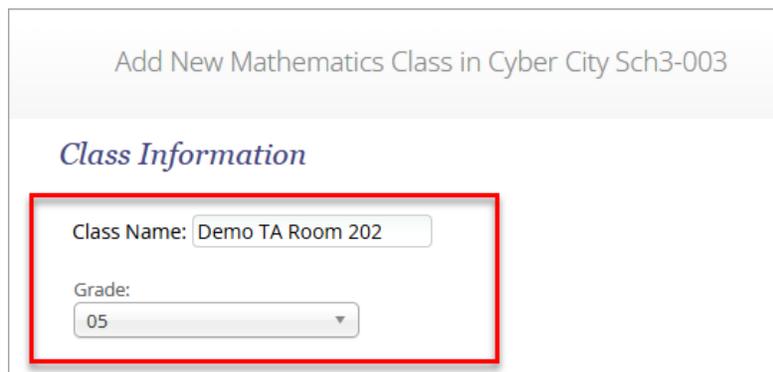

2. Click the **Create Grade Level Class** to create a new class.

3. Type the name of the class in the **Class Name** field.

When creating classes, RIDE recommends that schools create separate classes based on student groupings (e.g., 1:1 administration, small group, classroom) and use a naming convention that will help test administrators quickly and easily find the test they are administering. It is recommended that class names include the 5- digit school code in order to ensure all class names across the state are unique.

4. Select a grade from the **Choose a Grade** drop-down list.

- By default, students who are not assigned to any class for the selected content area are shown. To show all students who are not assigned to this particular class, select or deselect the “**Show only students that are not assigned to a class**” checkbox.

Note: The RICAS Portal will allow students to be added to multiple classes per subject in the Portal. Adding students to multiple classes will generate multiple tests for that student, so schools should be sure to only assign each student to one class per subject area.

- Add students to the class by selecting one or more students from the list on the left and selecting **Add**. If students need to be removed from the class list, select one or more students from the list on the right and select **Remove**.

To filter the list of available students:

- Select a class and grade in the **Search for Students** drop-down list. Begin typing a student’s SASID, first name, or last name in the **Showing students in:** field and the students list will dynamically begin to update with the students that match the text entered.

To sort the list of available students:

- Sort the list of students by last name, first name, or SASID using the **Sort By** drop-down list.

Note: There is a limit of 250 students per class.

- Click **Save** to create the class.

C. Upload Classes

The **Upload Classes** feature allows users to create multiple classes across grades and subjects using one .CSV file. Classes can be uploaded at the district level by the district test coordinator or district-level technology coordinator, or at the school level by school and district test coordinators and technology coordinators.

To create classes via file upload, follow the steps below:

1. On the Classes page, select a school or the district from the organization drop-down menu and then select **Upload Classes** for school level class upload or, if the district is selected, select **Upload Classes for District**.
2. On the Upload Classes page, select the **Download Template** link to download the class upload template to your computer.

3. Click **View Class Data Definitions Info** to view the headers and permitted values for each column in the class upload file.

Note: The *ClassType* field should only have the word **'grade'** in the *Permitted Values* column, do **NOT** enter a numeric grade level.

Field Name	Permitted Values
ClassName	Alphanumeric characters. Max name length: 50 chars
ContentArea	Mathematics,ELA
ClassType	grade
Grade	03,04,05,06,07,08
State Student ID	Existing state student id

If uploading classes at the district level, the school code will be required. This extra field is included in the download template and data definitions info on the district class upload page.

Class Data Definitions Information	
Field Name	Permitted Values
ClassName	Alphanumeric characters. Max name length: 50 chars
ContentArea	Mathematics,ELA
ClassType	grade
Grade	03,04,05,06,07,08
SchoolCode	Unique identification number of the school
State Student ID	Existing state student id

[Close](#)

- Fill out the template using the data definitions information provided and then save the file in .CSV format. Note that there is a **limit of 1000 records** for each upload file. The following is an example of an upload file at the school level:

	A	B	C	D	E	F
1	ClassName	ContentArea	ClassType	Grade/CourseCode	State Student ID Number	
2	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910001	
3	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910002	
4	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910003	
5	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910004	
6	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910005	
7	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910006	
8	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910007	
9	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910008	
10	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910009	
11	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910010	
12	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910011	
13	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910012	
14	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910013	
15	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	9999910014	
16	ELA05-DEMOTA-202-00100100	ELA	grade	05	9999910015	
17	ELA05-DEMOTA-202-00100100	ELA	grade	05	9999910016	
18	ELA05-DEMOTA-202-00100100	ELA	grade	05	9999910017	

Note: If uploading at the district level, the School Code column will require the district code hyphen school code. For example, if the district code is 00 and the school code is 55555, the School Code column should contain 00-55555. The following is an example of an upload file at the district level

	A	B	C	D	E	F	G
1	ClassName	ContentArea	ClassType	Grade/CourseCode	SchoolCode	State Student ID Number	
2	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110001	
3	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110002	
4	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110003	
5	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110004	
6	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110005	
7	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110006	
8	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110007	
9	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110008	
10	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110009	
11	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110010	
12	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110011	
13	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110012	
14	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110013	
15	MAT05-DEMOTA-101-00100100	Mathematics	grade	05	00-55555	9991110014	
16	ELA05-DEMOTA-202-00100100	ELA	grade	05	00-55555	9991110015	
17	ELA05-DEMOTA-202-00100100	ELA	grade	05	00-55555	9991110016	

5. Select **Choose File** and select the file from your computer and then click **Upload**. After the upload has been processed the following information will be available on screen:
 - a. Number of students processed successfully.
 - b. Number of duplicate records present in the file.
 - c. Number of error records present in the file.
 - i. A table including the type of error and the number of records is provided.
 - ii. Click **Download records with errors** to download a file of the errors found.

Table 11 below describes the error messages and the next steps to resolve class upload file errors.

Table 11. Class Upload File Errors

Error	How to Resolve the Error
The uploaded file is not in the expected format. Please download and use the template provided via the Download Template link.	Verify the file is in .CSV format and make sure the headers in the file match the template.
Could not find SASID in the given organization	Correct the student's SASID in the .CSV file.
Length of class name cannot exceed 100 characters	Update the Class name(s) in the .CSV file to less than 100 characters.
Class name is missing	Add the Class name(s) to the .CSV file.
Class name cannot contain a ']' character	Remove the ']' character from the class name

D. View Classes

To view a class, select **View** on the classes table for the class.

The Class Details page will show.

On this page users have the option to:

- Edit the name of the class in the **Class Name** field.
- Filter the list of available students:
 - a. Select a class and grade level in the **Search for Students** drop-down list. If a student cannot be found, deselect **Show only Students that are not assigned to a Class** to show all students in the school, including those already assigned to a class.
 - b. Begin typing a student's SASID, first name, or last name in the **Showing students in:** field and the students list will update with the students that match the text entered.
- Sort the list of students by last name, first name, or SASID using the **Sort By** drop-down list.
- Add students to the class by selecting one or more students from the list on the left and clicking the **Add** button.
- Remove students from the class list by selecting one or more students from the list on the right and clicking the **Remove** button.

Note: Hold Ctrl and select student names to select multiple students.

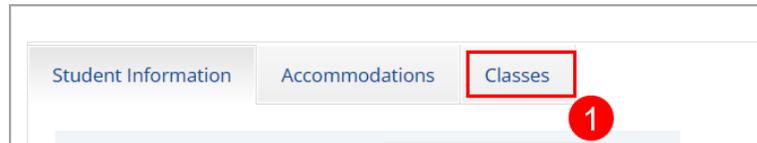

If any edits are made, click **Save** to save the edited class or click **Cancel** to discard any changes and exit out of the class editing page.

F. Add a Student to an Existing Class

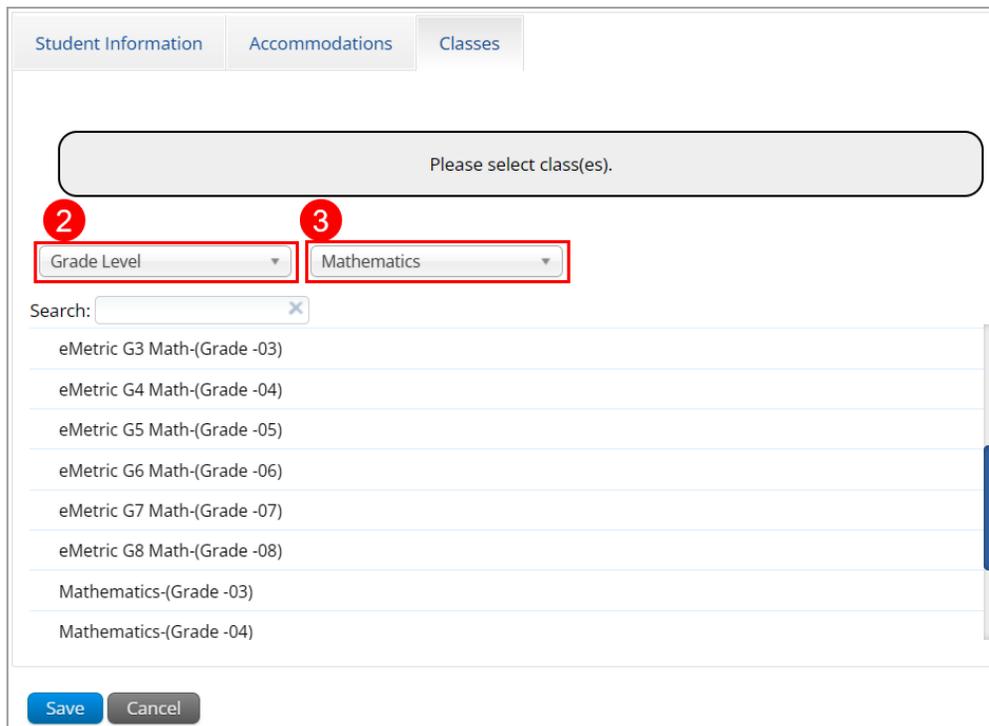

After student information has been entered and accommodations selected, add the student directly to an existing class from the **Classes** tab of the Add or Edit Student page. Note that classes must have been created previously in order to add a student to a class using the Edit feature. For more information on creating classes, please see section XI of this document.

To add the student to an existing class, follow the steps below:

1. On the Student page, click the **Classes** tab, as shown in (1).

2. Select the **Grade Level** and then select the **Subject** for the class the student should be added to, as shown in (2) and (3). A list of available classes will be displayed.

A screenshot of the 'Classes' tab in the 'Add or Edit Student' page. At the top, there are three tabs: 'Student Information', 'Accommodations', and 'Classes'. Below the tabs is a large grey button that says 'Please select class(es)'. Underneath this button are two dropdown menus. The first dropdown menu is labeled 'Grade Level' and is highlighted with a red box and a red circle containing the number '2'. The second dropdown menu is labeled 'Mathematics' and is highlighted with a red box and a red circle containing the number '3'. Below the dropdown menus is a search box with the text 'Search:' and a clear button. Below the search box is a list of available classes, including 'eMetric G3 Math-(Grade -03)', 'eMetric G4 Math-(Grade -04)', 'eMetric G5 Math-(Grade -05)', 'eMetric G6 Math-(Grade -06)', 'eMetric G7 Math-(Grade -07)', 'eMetric G8 Math-(Grade -08)', 'Mathematics-(Grade -03)', and 'Mathematics-(Grade -04)'. At the bottom of the page are two buttons: 'Save' and 'Cancel'.

3. Select the class (4) and click **Save** (5) to add the student to the class.

G. Delete Classes

Classes can be deleted if none of the students in the class have started a test session in that class. To delete a class, select **Delete** on the classes table for the class.

A message will be shown to confirm deletion.

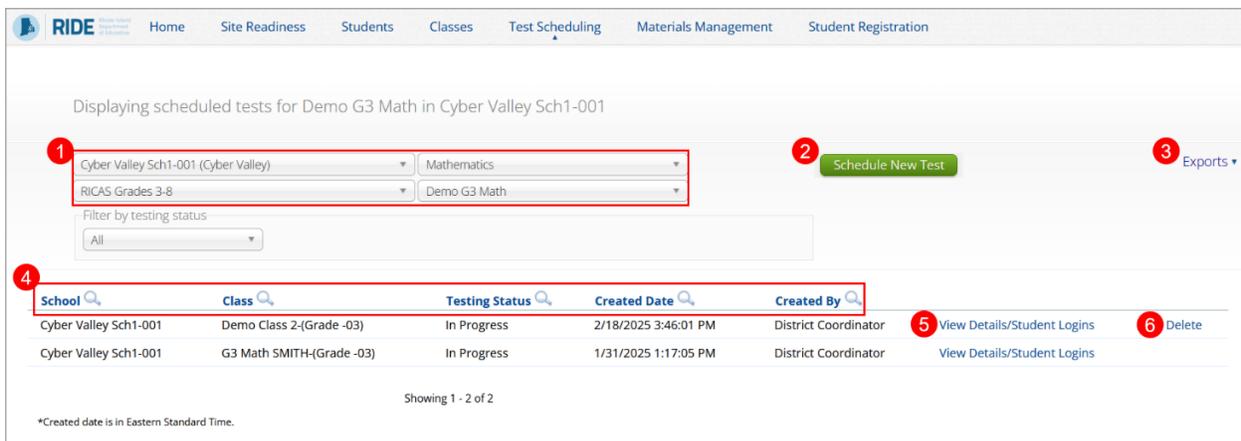

XII. Test Scheduling

A. Navigating the Test Scheduling Page

Test coordinators will have access to schedule tests approximately one week prior to test administration. Scheduling a test organizes classes into tests, assigns the correct testing form to students with and without accommodations, creates the student logins, shows students' testing progress for the scheduled test, and provides the ability of invalidating test sessions as needed.

The Test Scheduling page, available to all user roles except Report Access Only, manages classes that have been scheduled for computer-based tests. Click **Test Scheduling** on the Administration homepage top menu bar to access Test Scheduling.

Table 12. Test Scheduling

Icons	Description
1	Filter the Scheduled Tests by selecting an option from one or more of the following drop-down lists: Organization, Program Name, Content Area, Test Name, and Testing Status (All, Not Started, In Progress, or Finished).
2	Click the green Schedule New Test button to schedule a new test.
3	Click Exports to Export Student Logins, Export Test Status, or Export Students Not Scheduled for the selected test criteria.
4	Sort columns by clicking on a column heading. Click the search icon  next to the column heading and type the desired search criteria.
5	Click View Details/Student Logins to view the Scheduled Test Details page and print student logins.
6	Click Delete to delete a scheduled test. Only tests that were scheduled by you and have NOT yet started can be deleted. Once a student has logged in, the scheduled test cannot be deleted.

B. Schedule a New Test

To schedule a test, follow the steps below:

1. Select the organization from the **Organization** drop-down menu.
2. Select the program from the **Program** drop-down menu (RICAS Grades 3-8).
3. Select the subject from the **Subject** drop-down menu.
4. Select a test from the **Test** drop-down menu.
5. Click the green **Schedule New Test** button.

D. Exporting Student Test Logins

Student logins will contain students' usernames and passwords to sign in to the RICAS Kisok. Student logins can be exported in three different ways:

- Student logins can be exported from the Scheduled Test Details page as a PDF or .CSV file or a class.
- Student logins can be exported in bulk on the Test Scheduling page as a PDF or .CSV for a selected school and test.
- Student logins can be exported in bulk on the Test Scheduling page as a PDF or .CSV for all tests scheduled within a selected subject for the selected school.

Export Student Test Logins for a Class

Student test logins can be exported from the Scheduled Test Details page as a PDF or .CSV file. If students were added to the class after the test was scheduled or if the text-to-speech accommodation was changed for a student in the class after the test was scheduled, the **Add or Update Students** button will appear at the top of the Scheduled Test Details page. Click the **Add or Update Students** button to update the scheduled test with the new or updated students.

[← Back](#) [Edit Test Session](#)

District: Cyber City **School:** Cyber City Sch QA
Administration: RICAS Admin **Content Area:** ELA
Class: RIDI_G3_Class-(Grade-03)
Test Name: RICAS_ELA_3-8_Test
Testing Window: 01/28/2025 to 01/31/2025

Test is in progress. It ends on **01/31/2025**. Students may log in and take the test using their username and password shown below.

Add or Update Students

Students have been added to the test session or received updated forms or accommodations. You must click the "Add or Update Students" button to generate new logins for these students.

[Add or Update Students](#)

To export student logins as a PDF, follow the steps below:

1. Select the students whose logins information will be printed. To select all the students scheduled, select the check box in the top-left corner of the header row. To select individual students, select the check box next to each student's name.

[Export Logins for Selected Students \(5\)](#) [Add Report Code \(5\)](#) [Unlock \(5\)](#)

Select the number of logins to be printed:

8 logins per page ↕

Export
Cancel

The student logins are exported to a PDF file. The first page of the PDF file is a cover sheet for the test administrator listing the students in the scheduled class along with their login information, and accommodations assigned. Test administrators should review this prior to testing to ensure students have the correct accommodations before students log in to the test.

Student Name	Date of Birth	Username	Password	Accommodations
Charles, Zach D	11/1/2015	2025020313	ruwa2xxq	ELA03- (Mouse Pointer, Graphic Organizer Reference Sheet)
Dion, Celine	9/14/2013	2222222248	25cm9z4r	ELA03- (Mouse Pointer, Graphic Organizer Reference Sheet)
Dion, Paige G	7/11/2014	2023020322	5pf2pwaq	
Garcia, Chelcie L	8/21/2014	2023020325	bs47hx7e	ELA03- (Mouse Pointer, Graphic Organizer Reference Sheet)

Following the cover sheet will be the student logins. Each label displays the student's name date of birth, test name, username, and password.

Charles, Zach D DOB:11/1/2015 Grade 3 ELA Username: 2025020313 Password: ruwa2xzq	Dion, Celine DOB:9/14/2013 Grade 3 ELA Username: 2222222248 Password: 25cm9z4r

Exporting Student Test Logins in Bulk for a Scheduled Test

Exporting student test logins in bulk for a scheduled test allows LACs and STCs to export and print all student logins for a selected test at a school as one time. Student test logins can be exported in bulk as a PDF or .CSV.

To export student logins in bulk as a PDF for a selected test, follow the steps below:

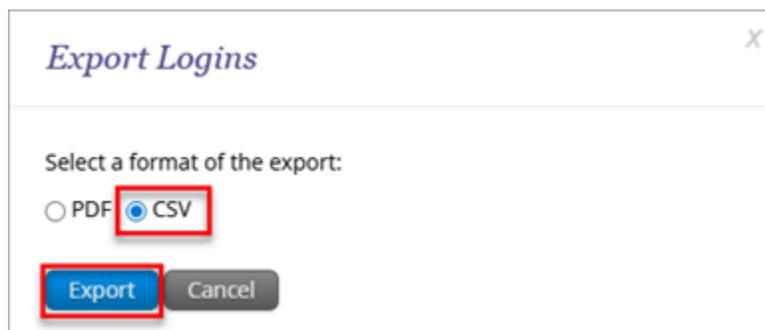

1. On the Test Scheduling page, select an organization from the **Organization** drop-down menu.
2. Select the program from the **Program** drop-down menu.
3. Select the subject from the **Subject** drop-down menu.
4. Select a test from the **Test** drop-down menu.

Note: If looking to export logins in bulk for students taking the Spanish version, users will need to export and print them separately.

5. Then select **Exports** to expand the exports menu.
6. Select **Export Logins**.

7. A pop-up will be shown with the option of choosing PDF or .CSV. Select **PDF**.
8. Select the number of student logins to be printed (1, 8, or 27 logins per page), and then click **Export**.

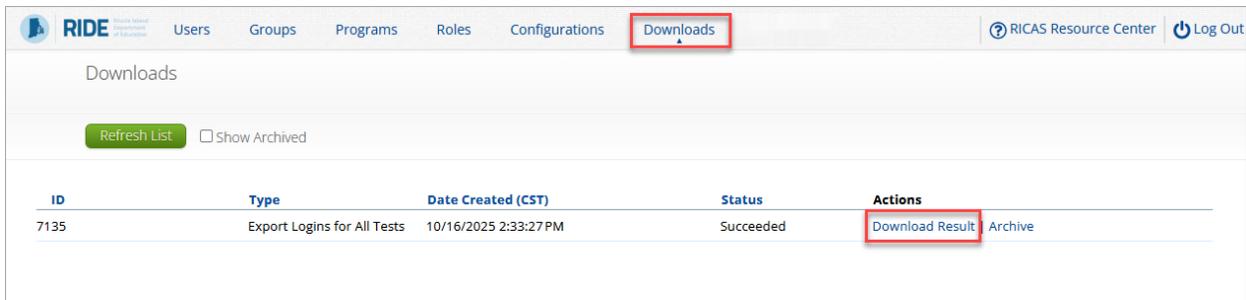

9. A pop-up message will appear to notify the user that the results are available in Downloads and will contain a clickable link to access Downloads.

When exporting logins in PDF format, all student logins will be included in a single file, with a summary page break separating each class.

To download the login export, navigate to the **Downloads** section from the RICAS Portal homepage to access the file.

To export student logins in bulk as a .CSV for a scheduled test, follow the steps below:

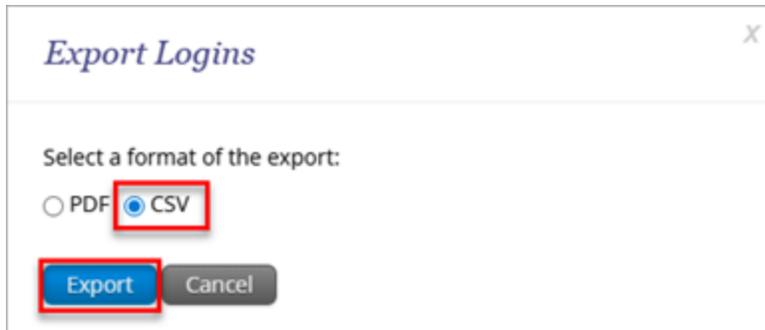

1. On the test Scheduling page, select the organization from the **Organization** drop-down menu.
2. Select the program from the **Program** drop-down menu.
3. Select the subject from the **Subject** drop-down menu.
4. Select a test from the **Test** drop-down menu.

Note: If looking to export logins in bulk for students taking the Spanish version, users will need to export and print them separately.

5. Then select **Exports** to expand the exports menu.
6. Select **Export Logins**.

7. A pop-up will be shown, with the option of choosing PDF or .CSV. Select **.CSV**. Click **Export**.

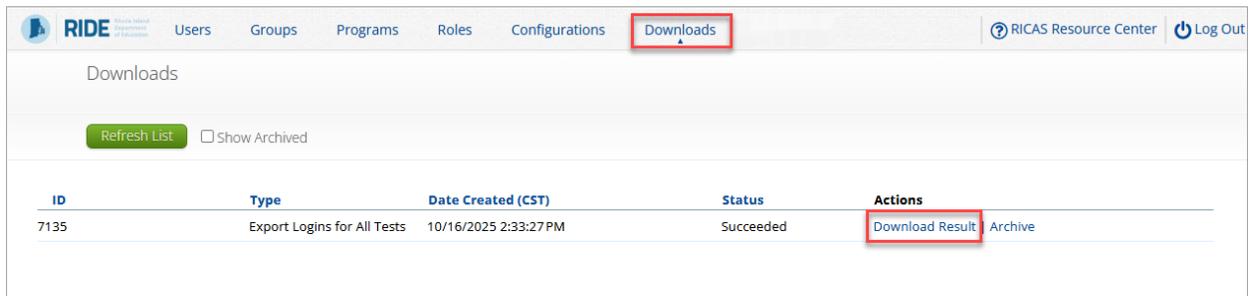

8. A pop-up message will appear to notify the user that the results are available in **Downloads** and will contain a clickable link to access Downloads.

When exporting in .CSV format, all session logins will be combined into one file, with the class name separating each.

To download the export, navigate to the **Downloads** section from the RICAS Portal homepage to access the file.

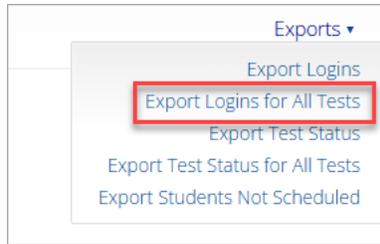

Export Student Test Logins in Bulk for All Tests within a Subject

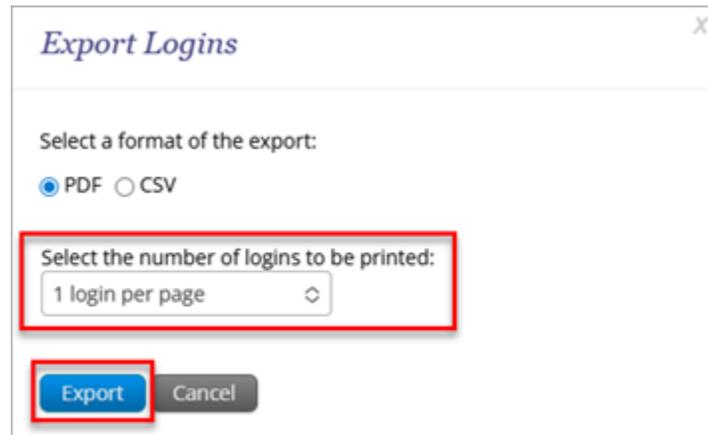

Exporting student test logins in bulk for all tests within a subject allows LACs and STCs to export and print all student logins for all tests scheduled at the school for a selected subject. Student test logins can be exported in bulk as a PDF or .CSV.

To export student logins in bulk for all tests within a subject as a PDF, follow the steps below:

1. On the Test Scheduling page, select an organization from the **Organization** drop-down menu.
2. Select the program from the **Program** drop-down menu.
3. Select the subject from the **Subject** drop-down menu.
4. Then select **Exports** to expand the exports menu.
5. Select **Export Logins for All Tests**.

6. A pop-up will be shown with the option of choosing PDF or .CSV. Select **PDF**.
7. Select the number of student logins to be printed per page (1, 8, or 27 logins per page), and then click **Export**.

8. A pop-up message will appear to notify the user that the results are available in Downloads and will contain a clickable link to access Downloads.

The logins in the export file will be sorted first by test name, class name, and within each class by student last name in alphabetical order. When exporting logins in PFD format, all student logins will be included in a single file, with a summary page break separating each class.

To download the login export, navigate to the **Downloads** section from the RICAS Portal homepage to access the file.

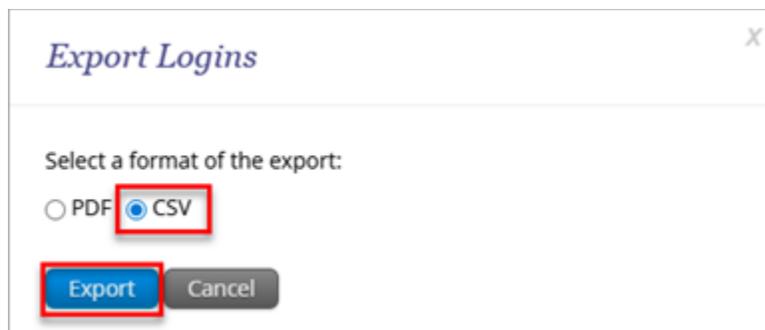

ID	Type	Date Created (CST)	Status	Actions
7135	Export Logins for All Tests	10/16/2025 2:33:27 PM	Succeeded	Download Result Archive

To export student logins in bulk for all tests as .CSV, follow the steps below:

1. On the Test Scheduling page, select the organization from the **Organization** drop-down menu.
2. Select the program from the **Program** drop-down menu.
3. Select the subject from the **Subject** drop-down menu.
4. Then select **Exports** to expand the exports menu.
5. Select **Export Logins for All Tests**.

6. A pop-up will be shown with the option of choosing PDF or .CSV. Select **.CSV**. Click **Export**.

7. A pop-up message will appear to notify the user that the results are available in Downloads and will contain a clickable link to access Downloads.

**A logins export was created with download ID 3598.
Results will be available in [Downloads](#).**

The logins in the export file will be sorted first by test name, class name, and within class by student last name in alphanumeric order. When exporting in .CSV format, all session logins will be combined into one file, with the class name separating each class.

To download the export, navigate to the **Downloads** section from the RICAS Portal homepage to access the file.

E. Monitoring Student Progress

Test administrators can view students' progress within their tests on the scheduled test details page. Follow the steps below to view student progress for a selected test.

1. On the Test Scheduling page, select the organization from the **Organization** drop-down menu.
2. Select the program from the **Program** drop-down menu (RICAS Grades 3-8).
3. Select the subject from the **Subject** drop-down menu.
4. Select a test from the **Test** drop-down menu.
5. Select **View Details/Student Logins** to view test progress metrics for the desired class.
6. On the Schedule Test Details page, select **Progress View**.

The students' progress for each session in the test will be displayed. The data in the progress view refreshes every 60 seconds.

- (a) Under Session Progress a progress bar showing the number of questions answered and the number of questions not answered for each student is shown.
- (b) Number of items visited in a session is displayed.
- (c) In the Last Viewed column, test administrators can view the last question the student viewed.
- (d) The Last Activity column displays the date and time when the last response was received for the test session.
- (e) The Time Spent column displays the amount of time the student has spent in their test session.
- (f) The Status column displays the students' test status (Not Started, In Progress, or Finished).

F. Add Test Report Codes

Test Report codes can be added in bulk for multiple students at once, or individually for a single student. To add bulk test report codes, select the students in the student table of the **Scheduled Test Details** page, and click the **Add Report Code** button at the top of the table.

Note: RIDE does **not** use test report codes. All irregularities must still be reported through the RIDE Portal.

Scheduling Details **Progress View**

G. Reactivate Tests

Only RIDE and users with the district test coordinator role may reactivate a student's test after a student has submitted their test. Schools should contact their district test coordinator who can reactivate the test with the following steps.

District test coordinators can reactivate a student’s test by clicking on the **Reactivate** link. A test can only be reactivated once it is in a **Finished** status.

Last Name	First Name	Username	Password	Form Name	Date/Time Created	Test Report Code	Status	Date/Time Started	Date/Time Completed
Demo	Torrey	7082917002	5eqzq36	ELA_G3_Form 1	12/03/2024 9:16:37 AM	VVA	Session 1:Not Started Session 2:Not Started		
DemoStudent	Jennifer	8852362215	64A83296	ELA_G3_Form 1	12/03/2024 9:32:15 AM	+	Session 1:Not Started Session 2:Not Started		
Student	One	1097291038	esmf4tp	ELA_G3_Form 1	12/03/2024 9:16:37 AM	+	Session 1:Finished (Reactivate) Session 2:Finished (Reactivate)	12/3/2024 9:54:50 AM	12/3/2024 9:55:25 AM
Student	One N	1097291048	3qvs23sc	ELA_G3_Form 1	12/03/2024 9:16:37 AM	+	Session 1:Not Started Session 2:Not Started	12/3/2024 9:55:35 AM	12/3/2024 9:55:46 AM

When a student’s test is reactivated, their test status will display in the RICAS Portal as In Progress, but their previously listed End Time will remain the same until they have completed the test after it was reactivated.

H. Export Test Status

Export Test Status is a feature that is available to district test coordinators and school test coordinators that provides a .CSV file listing every student and their completion status per test of the currently selected school and test. The report will only appear at the school level; if a district is selected on the Test Scheduling page, the report will not appear.

To download a file with the test status of all students in the selected school, click **Exports** then **Export Test Status**.

I. Export Test Status for All Tests

Export Test Status for All Tests is a feature available to district test coordinators and school test coordinators at the district and school levels that provides a .CSV file listing every student and their completion status per session for all tests of the currently selected district/school, program, and content area.

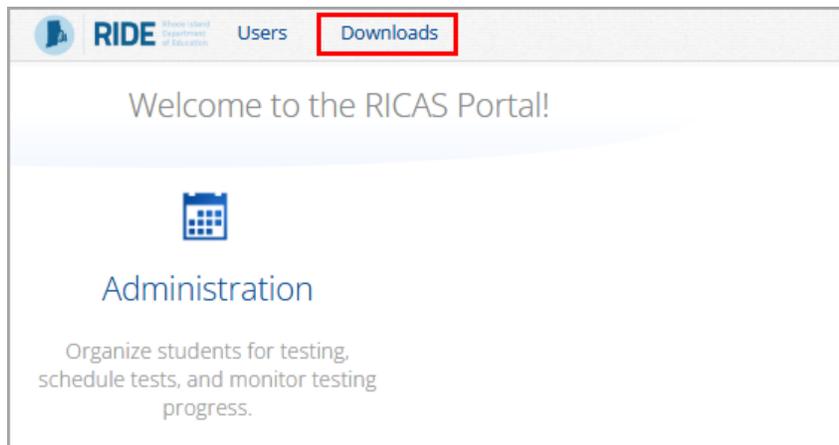

Click **Exports** then **Export Test Status for All Tests** to download a file with the test status of all students for all tests in the selected school or district.

A pop-up message will appear indicating the downloaded file will be available in the Downloads section of the RICAS Portal.

Once the file has completed processing, the user will receive an email indicating that the file is available to download. Navigate to the Downloads section from the RICAS Portal homepage to access the file.

A table will appear with the files available to download. Click on **Download Result** to download the Export Test Status for All Tests file.

ID	Type	Date Created (CST)	Status	Actions
9638	Export Test Status for All Tests	1/14/2025 4:31:08 PM	Succeeded	Download Result Archive

A .CSV file listing every student and their completion status per session of the currently selected district/school, program, and content area will be downloaded.

J. Export Students Not Scheduled

Export Students Not Scheduled is a feature that is available to district and school test coordinators. The report will only appear at the school level; if a district is selected on the Test Scheduling page, the report will not appear.

To download a file with a listing of students not scheduled for the selected school or test, click **Exports** then **Export Test Status**.

A .CSV file listing every student not scheduled for the currently selected school and test will be downloaded.

XIII. Materials Management

The Materials Management page in the RICAS Portal is used to track shipments of RICAS materials, order additional materials, and schedule a UPS pickup. The Materials Management page in the RICAS Portal is only available to district and school test coordinators.

Materials Management provides an alternative way to access the RICAS Service Center website for the following tasks. (Note that schools may continue to access the [RICAS Service Center](#) website directly for these tasks as well as to complete additional ones.)

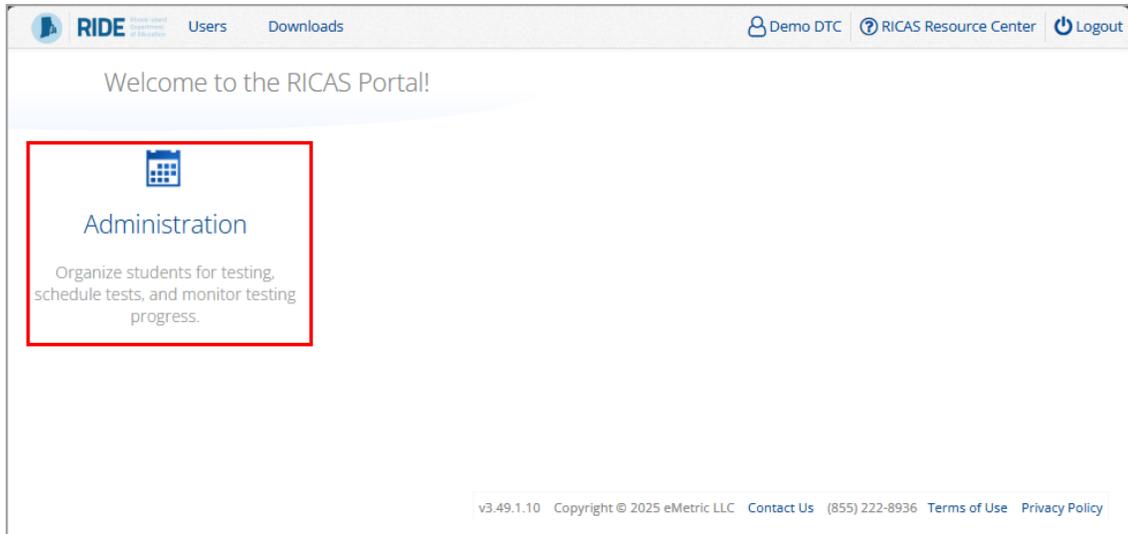

- **to order additional materials** (i.e., test administration manuals for both computer-based and paper-based testing as well as paper-based test materials)
- **to schedule a UPS pickup of paper-based test materials** Note: An automatic pickup is pre-scheduled, but schools may choose to schedule an earlier pickup; refer to the testing schedule for details.

Additionally, schools will be able to see materials shipments listed on this page once they are shipped. This is an optional feature that schools may find useful to track shipments.

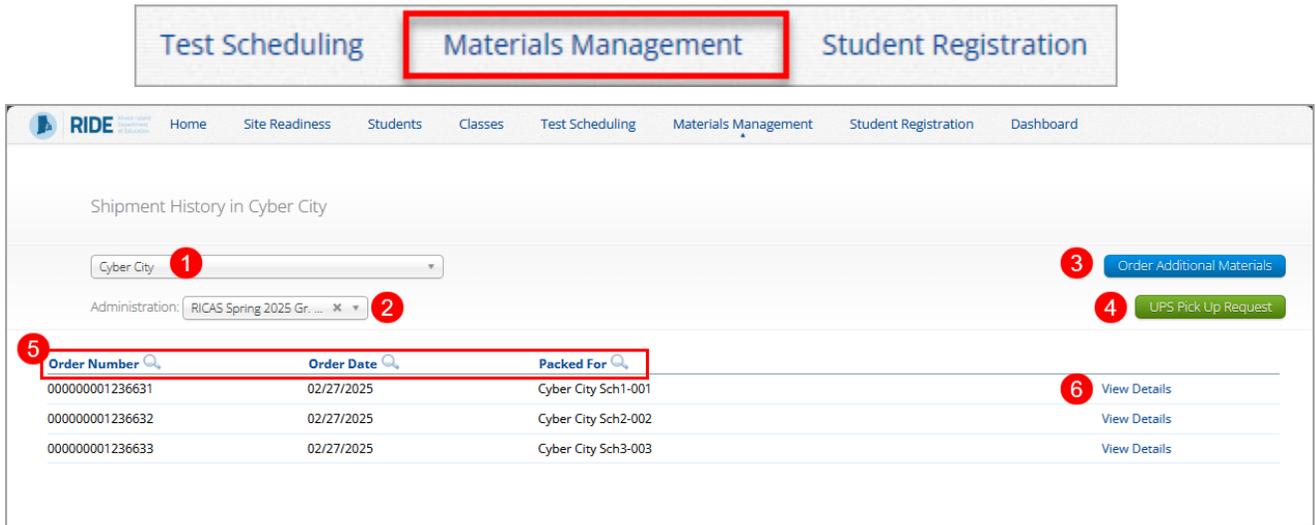

A. Navigating the Materials Management Page

To access the Materials Management page, follow the steps below:

1. Log in to the [RICAS Portal](#) with your username and password.
2. On the RICAS Portal homepage, select **Administration**.

3. Select **Materials Management** from the top menu bar.

In Table 13 below are descriptions of the features that are available on the Materials Management page. The numbered icons listed in Table 13 are shown in the screenshot above to indicate the location of the feature.

Table 13. Materials Management

Icons	Description
1	Filter the Order table by selecting an organization from the Organization drop-down menu.
2	Filter the Order table by selecting a test administration from the Administration drop-down menu.

Icons	Description
3	Click the blue Order Additional Materials button to access the RICAS Service Center website to order additional materials after receiving the initial shipment.
4	Click the green UPS Pickup Request button after all shipments are packed and ready to ship to access the RICAS Service Center website to schedule a UPS pickup.
5	Sort the Materials Management order table by Order Number, Order Date, or Packed for by clicking the column heading. Search the Materials Management table by selecting the magnifying glass next to the column heading.
6	Click View Details to view the Shipment Details page for each shipment.

Clicking the **Order Additional Materials** or **UPS Pick Up Request** buttons will take users to the [RICAS Service Center](#) to complete these tasks. Schools may also continue to navigate to the RICAS Service Center website directly to complete these tasks as in previous years.

Selecting **View Details** will allow users to view the Shipment Details page for each shipment. The Shipment Details table displays the following information about your order:

- **Box ID Number:** the ID number of the individual boxes in the order The Box ID Number, also known as the MP Ship Code, will be needed to place an additional materials order.
- **Shipped Date:** date when the order was shipped
- **Last Updated:** the date and time when the shipment information was last updated by UPS.
- **Item Code, Quantity, and Description:** information about the contents of each box in your order. Note the Item Code will not be used by schools.
- **UPS Tracking:** the UPS tracking number, with a link to the UPS tracking website
